Mary:

You have the HASP for the Pavillion Ground Water Investigation expiring within 90 days.

Here is your email extending this HASP to 12/31/2013.

Dominic

Thanks. I will update the HASP database to reflect that the 2011 Annual Review has been completed.

Please see below. All you need to do is send an email to Mary stating that you have reviewed the HASP and it is fine (if that is the case). If you want to make some changes you are free to do that also. Just use a different colored font to make it easier for Mary to review.

Cherri

HASP 2010-038 is not due to expire until 12/2011. However, the Annual Review was due 9/16/2011.

I have extended the Expiration Date to 12/31/2013 in the HASP database so no new HASP is required.

Dom Digiulio has a HASP (2010-038) that is expiring 12/2011 but for some reason the completion date was set for 6/2011 instead of the 3 years allowed. The project is not finished and will be ongoing for some time. Can Dom revise the HASP and include a new completion date?
